PROFESSIONAL EXPERIENCE

MUST Company, Seoul, South Korea **Senior Software Engineer**

2024 - till date

- Consistently applied best practices for writing clean, secure, readable, and scalable code.
- Working closely with cross-functional teams, communicating technical concepts to non-technical stakeholders, and fostering a positive and inclusive team culture.

SpringBoard California, USA **Software Mentor**

2023 - till date

- Guiding students: Providing guidance and support to students as they work on their coding projects, and offering feedback on code quality, design, and functionality.
- Providing technical support: Assisting students with debugging and troubleshooting code, and helping them to understand and resolve errors.
- Monitoring student progress: Tracking student progress and providing regular feedback on their performance, as well as providing additional resources and support as needed.
- Mentoring and advising students: Providing one-on-one mentoring and guidance to students, helping them to develop their technical and soft skills, and preparing them for careers in fullstack development.

Nawill Technology, Lagos, Nigeria **Software Engineer**

January 2018 – May 2022

- Consistently applied best practices for writing clean, secure, readable, and scalable code.
- Designed and built Restful APIs to maintain operations continuity and productivity with the Javascript Nodejs framework.
- Part of a team of 4 developers that built a website that recycles waste, with Django.
- Validated client interface requirements and assessed impact of needs on available systems.

PROJECTS

- **Cargo Land Web App:**

CargoLand Web App allows users to conveniently ship their goods purchased anywhere around the world on time and secured.

[Link](#)

- **Restaurant Web App:**

The restaurant web app seamlessly connects diners with diverse culinary experiences. Users can effortlessly browse through a comprehensive menu, complete with enticing visuals and detailed descriptions. The intuitive interface allows patrons to make reservations, customize orders, and access real-time updates on their dining preferences. The app offers a personalized experience, incorporating user reviews and recommendations. With a user-friendly design, it facilitates secure online payments and ensures a hassle-free takeaway or delivery process. Additionally, the app may include features like loyalty programs and exclusive promotions, enhancing customer engagement and satisfaction.
